

# Holly Hannah

## SOLIST

Holly Hannah, you can turn the pages back  
to the apron women wore  
Tied around her waist to please another jack  
like your mother did before

## KÖR

Holly Hannah, look around  
Find your freedom, freedom down in the ground  
On a train that's headed homeward and bound  
Look underneath your wedding gown

Liberation, Holly - nothing but a joke  
Should a woman laugh or cry? (Kör: ah ah ah)  
Will your pride swallow this pill or will you choke  
(KÖR) condemn the days gone by?

## KÖR

Holly Hannah, look around  
Find your freedom, freedom down in the ground  
On a train that's headed homeward and bound  
Look underneath your wedding gown

(Mellanspel)

SOLO

Holly Hannah lies reflecting in the bath  
on the wrinkle of her skin (Kör: ah ah ah)  
Pretty bubbles seem to burst on her behalf  
(KÖR) this time the break is clean

KÖR

Holly Hannah, look around  
Find your freedom, freedom down in the ground  
On a train that's headed homeward and bound  
Look underneath your wedding gown

Holly Hannah, look around  
Find your freedom, freedom down in the ground  
On a train that's headed homeward and bound  
Look underneath your wedding gown
